## Additional Recommendations

- 100% cotton thread in colors to match
- 64" x 58" (1.63m x 1.47m) batting
- You will need a 60° triangle ruler tall enough to make 5" finished triangles to complete this project.

## Cutting

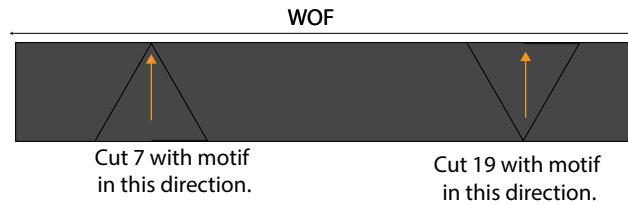

**WOF = Width of Fabric**, cut from selvage to selvage

*The cutting for this quilt is spaced throughout the project, to allow you to trim the borders and center panels to fit the pieced triangle borders if necessary.*

### Fabric A, cut:

- (1)  $6\frac{1}{4}$ " x WOF strip; subcut
  - (4)  $3\frac{5}{8}$ " x  $6\frac{1}{4}$ " for the pieced borders (to keep directional prints placed right-reading, cut 2 rectangles vertically, and 2 horizontally).
- (5)  $5\frac{3}{4}$ " x WOF strips; subcut
  - (26)  $60^\circ$  triangles\* for the pieced borders following the cutting diagram (Because this is a directional fabric, cut 6 triangles per strip, cut only 7 of the triangles with the cat motifs right-reading towards the tip of the triangle, and cut the rest with the cat motif right-reading towards the base of the triangle)
- (1)  $5\frac{1}{2}$ " x WOF; subcut
  - (4)  $5\frac{1}{2}$ " x  $5\frac{1}{2}$ " for the pieced border corners

**Fabric A Cutting Diagram**

*\*if using a blunt-tip triangle ruler, place the  $5\frac{1}{2}$ " line on the bottom of the strip when cutting so that finished triangles will be 5" tall.*

### Fabrics B and E, cut from each:

- (5)  $2\frac{1}{8}$ " x WOF for stripsets

### Fabric D, cut:

- (5)  $2\frac{1}{2}$ " x WOF for stripsets

### Fabric F, cut:

- (10)  $2\frac{1}{2}$ "- wide bias strips or enough to make 230" of bias binding (OR if making continuous bias binding, from the larger amount of yardage listed in the Fabric Requirements, cut a 28" square).

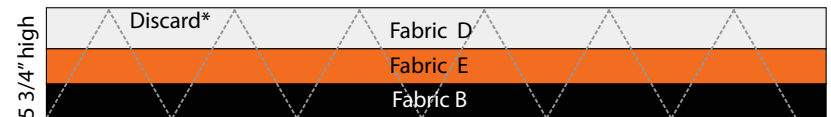

## Instructions

### Notes:

- All seam allowances are  $\frac{1}{4}$ " and pieces are sewn right sides together. Press seam allowances open unless otherwise stated.
- If using a blunt-tip triangle ruler, place so the tip of the ruler is  $\frac{1}{4}$ " below the raw edge of the white strip, then use the  $5\frac{1}{2}$ " ruler line on the opposite raw edge as your base line.

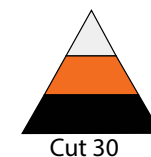

1. Sew the **Fabric D**, **E**, and **B** strips together as shown to make a strip set. Press the seam allowances open and measure to confirm that the stripset is  $5\frac{3}{4}$ " high. Make a total of 5 identical strip sets.

**Fig. 1a**

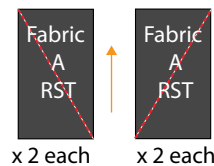

From the stripset, cut (30)  $60^\circ$  triangles, with the tip on the white side and the base on the black side of the stripset.

**Fig. 1b**

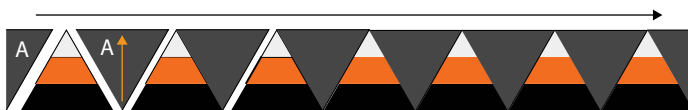

2. Layer 2 **Fabric A** rectangles right sides together, with the cat motifs right-reading as indicated by the orange arrow. Cut diagonally from bottom right to top left to yield (4) half-rectangle triangles; (2) right-facing and (2) left-facing. Repeat to cut the remaining 2 rectangles in the opposite direction.

Fig. 2

3. Arrange 7 pieced triangles and 6 **Fabric A** 60° triangles together as shown into a border strip, with the cat motifs right-reading as indicated by the orange arrow. Sew together, pressing towards the right each time. Sew **Fabric A** half-rectangle triangles to each end as shown to complete a Side Pieced Border. Repeat to make a second with the cats oriented the same.

Side Pieced Border: Make 2  
40 3/4" long

4. Repeat Step 3 with 8 pieced triangles and 7 **Fabric A** 60° triangles, then add the **Fabric A** 5 1/2" squares at each end, noting orientation, to make a Top Pieced Border. Then make a Bottom Pieced Border in the same manner, but use the triangles cut with the cat motif right-reading towards the tip of the triangle.

## Quilt Top Assembly

Before beginning the remaining cutting, measure the pieced borders to confirm they are the correct length: the side borders should be  $40\frac{3}{4}$ " long including seam allowances, and the top/bottom borders should be  $56\frac{1}{2}$ " long including seam allowances. If yours differ, you will need to adjust, either your pieced borders or the following cutting.

### From Fabric C, cut:

- (3)  $2\frac{7}{8}$ " x WOF for the top/bottom inner border
- (2)  $2\frac{1}{2}$ " x WOF for the side inner border

### From Fabric G, cut:

- (1)  $42\frac{1}{2}$ " wide x 36" high rectangle, centered on the motif

Follow the **Quilt Layout** diagram (page 6) while assembling the quilt. Press seam allowances towards the **Fabric C** inner border.

- 5. Trim both **Fabric C**  $2\frac{1}{2}$ " x WOF strips to 36" long. Sew to the left and right sides of the **Fabric G** rectangle.
- 6. Then sew all 3 **Fabric C**  $2\frac{7}{8}$ " x WOF strips together end to end. Cut 2 top/bottom border strips each  $46\frac{1}{2}$ " long, sew to the top and bottom.
- 7. Sew the shorter Side Pieced Borders to the sides of the quilt top. Then sew the Top and Bottom Pieced borders and press to complete the quilt top.

## Finishing

- 8. Sew together the  $2\frac{1}{2}$ " **Fabric F** binding strips end-to-end using diagonal seams. Press seams open. Press the binding strip in half wrong sides together.
- 9. Layer backing (wrong side up), batting, and quilt top (right side up). Baste the layers together and quilt as desired. Trim excess batting and backing even with the top after quilting is completed.
- 10. Leaving an 8" tail of binding, sew the binding to the top of the quilt through all layers matching all raw edges. Miter corners. Stop approximately 12" from where you started. Lay both loose ends of binding flat along quilt edge. Where the loose ends meet, fold them back on themselves and press to form a crease. Using this crease as your stitching line, sew the two open ends of the binding right sides together. Trim seam to  $\frac{1}{4}$ " and press open. Finish sewing binding to quilt.
- 11. Turn the binding to the back of quilt and hand-stitch in place.
